

Nimbus II EMS Lease Plan

The advantages of our Nimbus II EMS pricing plan include brand new pumps annually and prorated start costs

Annual Plan Costs

January 1

\$700

June 1

\$350

Prorated By Start Date

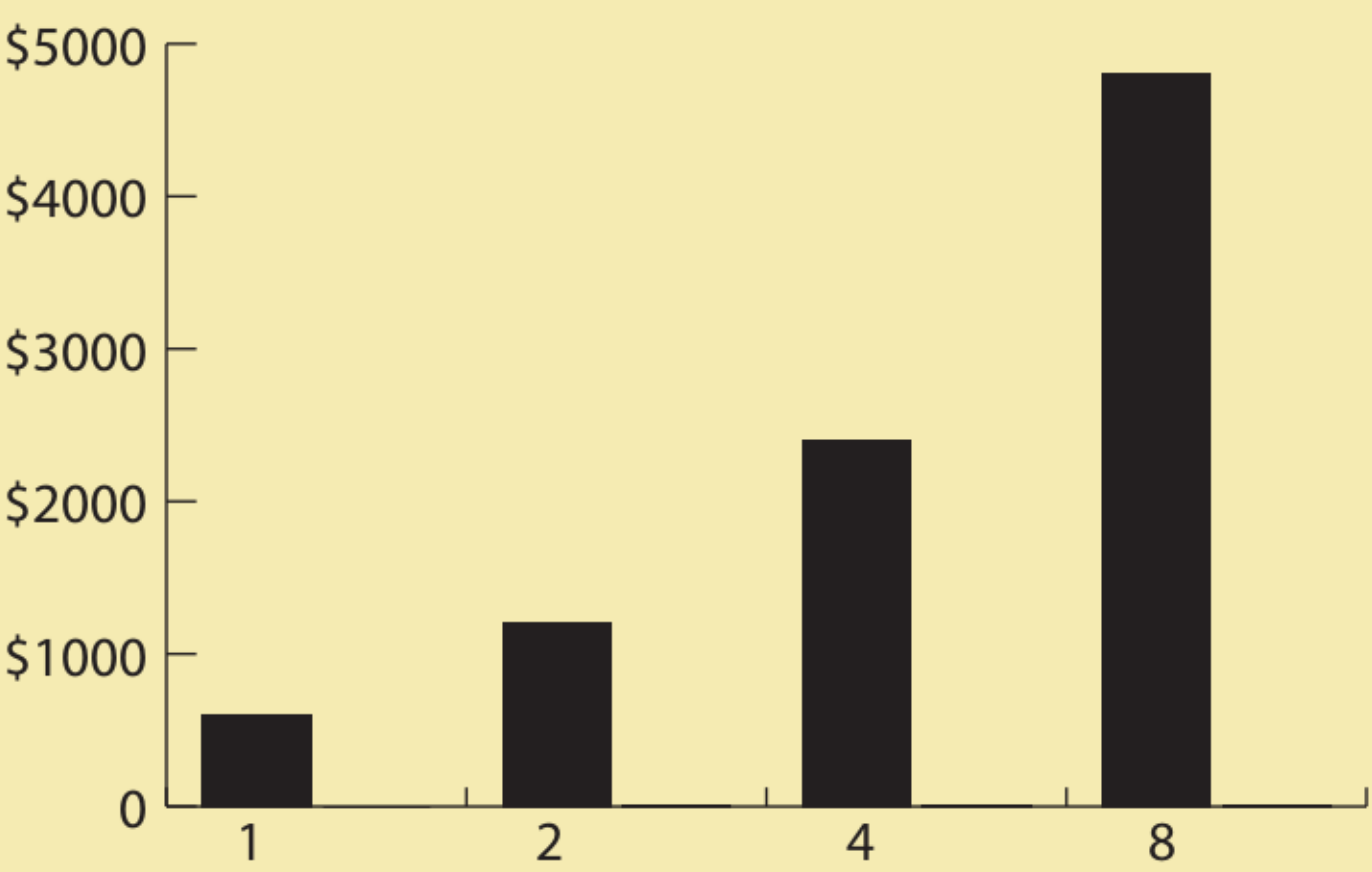

- Lease starts at enrollment date
- Continues through end of current year
- Contracts beginning or ending midyear prorated as such

Annual Update

- Get a brand new pump each year when you renew your lease.
- Avoid out-of-pocket downtime from annual repairs and maintenance.
- Escape loaner fees!

Example Replacement Cost
Each Time a Set is Damaged Without Warranty

Full Warranty

Being in the field and out in the elements, EMS equipment can be subjected to some rugged environments. Full warranty under our lease plan means you get a new infusion pump for free if yours is damaged from normal use (like a drop or smash). This also covers manufacturing defects.

Single pump mount \$25
Administration sets \$10

Affordable Accessory Costs

Accessories

Choose from several affordable accessories made specifically for the Nimbus II EMS

The annual lease model for Nimbus II EMS offers savings while ensuring that you are using new hardware and updated software
